

Open Call for proposals

Strengthening STEM skills in primary schools and development of Regional Science Centres for STEM education in primary schools

Activity Eligibility Verification Form

Grant application	
Applicant	
Partner institution (if applicable)	
Evaluator	

No.	Verification criteria	Verification methodology	Meeting the criteria
1.	The grant application is in line with the objectives and purpose of the Call.	<i>In accordance with the objectives and the purpose of the Call, evaluator assesses how thematic orientation of the grant application supports STEM education in primary schools. This primarily relates to verifying connection between material investments (modernization of space and procurement of STEM equipment for schools under component A and renovation/adaptation/reconstruction and equipping of the premises of the Regional Science Centres under component B) and the capacity-building activities for teachers and other educational workers in the STEM field and development/enhancement of pupils' STEM skills in primary schools, and ultimately the focus of the project on developing STEM skills in accordance</i>	YES/NO

Annex 3. Activity Eligibility Verification Form

		<i>with the mandatory Call indicators. Additionally, evaluator assesses whether the grant application contains mandatory activities from the applicable component of the Call, in accordance with point 2.5. of the Call. If the evaluator assesses the absence of orientation of the project to STEM education, the grant application may be proposed as non-eligible for funding.</i>	
	Justification in case of a negative assessment:		
2.	Project activities are carried out within one or more priority areas defined in the Call.	<i>Each proposed project activity shall be assessed within the priority areas. This means that activities must have a potential to contribute to improvement of skills/knowledge/competences of project participants and final beneficiaries in priority areas and/or participants to carry out activities, produce materials and content and contribute to increasing awareness on the importance of education in these areas. Project management, promotion and visibility activities should not necessarily be carried out in priority areas, but the evaluator assess whether they are related to the activities carried out in priority areas. The evaluator shall propose to the Programme Operator to exclude activity which is not in line with the priority areas or is not related to them.</i>	YES/NO
	Non-eligible activities:		
	Justification in case of a negative assessment:		
3.	Project activities are eligible in accordance with the provisions of the Call.	<i>Each proposed project activity shall be assessed by the evaluator in accordance with the provisions of the Call. The evaluator assesses whether the activity is part of the list of eligible activities and/or does the activity</i>	YES/NO

Annex 3. Activity Eligibility Verification Form

		<p><i>contribute to the fulfilment of the objectives and mandatory Call indicators. The activity must not be explicitly stated as non-eligible. The evaluator shall propose to the Programme Operator to exclude activity which is not in line with the relevant provisions of the Call.</i></p>	
	Non-eligible activities:		
	Justification in case of a negative assessment:		
4.	<p>Project activities are intended for eligible target groups in accordance with the relevant provisions of the Call.</p>	<p><i>Each proposed project activity shall be assessed by the evaluator in accordance with the provisions regarding eligible target groups from the Call. The evaluator shall assess whether the activities are directly or indirectly related to capacity building/fulfilment of the needs of eligible target groups. This does not apply to the implementation of project management activities and promotion and visibility activities arising from the obligations prescribed by the Programme Operator. The evaluator shall propose to the Programme Operator to exclude activity which is not in line with relevant provisions of the Call.</i></p>	YES/NO
	Non-eligible activities:		
	Justification in case of a negative assessment:		
5.	<p>If applicable - following the exclusion of activities non-eligible for funding from the grant application, there is no risk that the project objectives or mandatory Call indicators shall not be realized.</p>	<p><i>If the grant application has achieved a negative assessment on one or more of the previous criteria, evaluator shall assess the fulfilment of this eligibility criteria. After the exclusion of the non-eligible activities from the grant application, the evaluator assesses whether there is a risk of failure to meet the objectives of the project and whether the project still contributes to</i></p>	YES/NO

Annex 3. Activity Eligibility Verification Form

		<i>mandatory Call indicators. If risks exist, the evaluator proposes to the Programme Operator to exclude the grant application from the award process.</i>	
	Justification in case of a negative assessment:		
6.	If applicable - following the exclusion of budget items non-eligible for funding from the grant application, the amount of the grant requested shall comply with the provisions on requested grant amount defined in the Call.	<i>If the grant application has achieved a negative assessment on one or more of the previous criteria, the evaluator excludes non-eligible budget items from the grant application and determines whether, even after the exclusion of non-eligible budget items, the requested grant amount is in line with the relevant provisions of the Call. If the amount of the grant is not in line with the threshold from the Call, the evaluator proposes to the Programme Operator to exclude the grant application from the award process.</i>	YES/NO
	Justification in case of a negative assessment:		

If the grant application does not meet the verification criteria No.1, 5 and/or 6, it shall be considered that the grant application did not pass the verification of eligibility of project activities and shall not be referred to the quality assessment stage.
